Dear Maples Met Families,

We will be hosting a parent/student/advisor meeting on **Thursday, May 16th @ 5:15 P.M. in the Maples Met Great Room**, to discuss ideas for how we want to contribute our voice to the education review.

If we are to keep Seven Oaks Seven Oaks, which includes having local choice, and strong leadership that advocates for schools like the MET, we must take action and speak up.

We have heard time and time again from provincial politicians and government officials how important it is to have parents speak up. Politicians listen to you.

We strongly encourage you to attend.

If you can't attend, I hope that you will do one of the following two things:

- a) provide permission to have your name included on the letter to the province showing support for the MET.
- b) send me by email your thoughts on what you want submitted.

It is rare for us to get all levels of the school brainstorming ideas together, and this is a great lesson in democracy and advocacy for our kids, that has a direct impact on our future.

I hope to see you on the 16th!

Talk soon,

Ben
