January 10, 2022

Dear families,

We have been informed that a member of our school community who was in attendance at school this morning has tested positive for Covid-19. This positive case is associated with Cohort C, which includes students from rooms 5 and 7. Public Health officials have not been in contact with the school to confirm test results. As all staff and students were wearing masks at all times during the period the student was present, no one is considered a close contact.

Please closely monitor your child for symptoms with this and our current Public Health context in mind. Please take your child for testing only if they show symptoms. Symptoms are: fever/chills, cough, sore throat/hoarse voice, difficulty breathing, loss of taste or smell, vomiting, diarrhea for more than 24 hours, runny nose, muscle aches, fatigue, pink eye (conjunctivitis), headache, skin rash of unknown cause, nausea or loss of appetite. We also remind all families and caregivers to keep your child at home if they are showing any of the indicated symptoms.

Testing location information can be found here: [Province of Manitoba | Find a Testing Location](#)

For more public health information about COVID-19, please visit

<https://manitoba.ca/covid19/updates/resources.html>

Thank you for your support and cooperation. I hope everyone is well and taking care.

Sincerely,

Crystal Hanson
(Directrice/Principal)
