Principal: Mr. Fortunato Lim Vice Principal: Mrs. Natalie Trudeau
Secretary: Mrs. Christine Wirgau

Good morning everyone,

We were informed that a member of our school community has tested positive for COVID-19. The individual was last at school on Monday, December 20th during the communicability period.

Public health officials have not yet completed their case investigation. Based on our assessment of the situation, a close contact have been identified and notified to isolate. However, since the family and administration have not heard from public health, we can not yet confirm this assessment.

At this point if you did not receive a letter of close contact, please simply monitor your own child for symptoms and keep your children at home if symptomatic. We also highly recommend families to get tested if their child develops symptoms.

Once I hear from public health, only close contacts will receive a copy of the official isolation letter. This decision is made by public health officials, and we are following their protocols. The larger community will receive a general notice of the recent case.

We hope everyone stays well and healthy through the holidays and maintains the health protocols in place so we can all return safely to school.

For more public health information about COVID-19, please visit

Kind regards,

Fortunato Lim
Principal
