

Manitoba's Commission on Kindergarten to Grade 12 Education

May 2, 2019

Dear Education Stakeholders,

Manitoba's Commission on Kindergarten to Grade 12 Education is writing to let you know that following input received during the interactive public workshops held in Winnipeg on April 24, 2019 and April 27, 2019, one additional public workshop will be offered in central Winnipeg to improve access and increase participation.

The interactive workshops held to date have been very informative, and were viewed as an extremely important part of the data collection process of the Commission. As a result of these events, it became clear that an additional workshop held at R.B. Russell Vocational School would provide enhanced opportunities to many more Manitobans, including Indigenous people and newcomers, to play an active role in re-imagining the Manitoba education system. The workshop will be held on Saturday May 25, 2019 from 9:00 a.m. to 11:30 a.m.

For those of you who have been able to attend the workshops to date the Commission wants to thank you for your participation, passion and dedication as the sessions have provided insightful and valuable content for our deliberations.

Thank you again for your participation towards shaping our education system.
