### Seven Oaks Publication Authorization Form

To better inform parents and members of the larger community of the events and activities taking place within our schools and the achievements of the Division's students, the Seven Oaks School Division will make public its students' work samples and achievements, pictures of its staff and students and videos pertaining to its schools and programs. On the main Seven Oaks site, or any of our school based sites, we will make work samples, achievements, pictures and videos public in a number of mediums including the following:

- sharing them as demonstration projects/activities in educational workshops, classes, and/or conferences;
- sharing them as sample projects/activities on DVDs created by the Division for use in educational workshops and student classrooms; and;
- by posting them on the websites created and operated by the Division or the individual schools within the Division.

In order to publish any work, achievement, picture, or video involving your child we require your consent. If you provide your consent on this form and change your mind at a later date, you simply need to inform your child's school.
