SEVEN OAKS COOPERATIVE VOCATIONAL EDUCATION

Where the **community** becomes the classroom ↙

↘ Our Co-operative Vocational Education programs offer the advantages of education and experience — and those advantages can mean the difference between just getting a job and launching a successful career.

Through our partnerships with various local businesses you'll apply your classroom knowledge on the job, working with and learning from industry professionals.

**If you're currently in high school, a recent graduate or even an adult learner, this program could be an important step towards a rewarding career that will last you a lifetime.**

**For more information contact your school counsellor or any of our high schools.**

**automotive trades & technology**

**aviation trades & technology**

**building trades**

**culinary arts**

**early childhood education**

**electrical trades & technology**

**health care aide**

**hospitality services**

**performing arts production & industry**

**plumbing & pipe trades**

**refrigeration & air conditioning**

**sustainable energy**

## you can do it

### Building Trades is open to anyone who meets the requirements:

- Interest in pursuing a career in carpentry and building trades
- Completion of grade 11 core courses (done in semester one of grade 11 year)
- Completion of a CVE application form
- Presentation of a certified transcript of marks, cover letter, reference letter, resume and fee if applicable
- Participation in an orientation

Individuals who have completed grade 12, are an adult learner or reside outside the division are encouraged to submit an application. A registration fee may apply depending if you are a graduate or live out of Seven Oaks School Division catchment.

## all in a day's work

This course starts in the second semester of the school year and continues through the end of the first semester of the following year. You will spend time in the classroom attaining basic skills, learning theory and acquiring trade safety certificates needed to get started in the construction industry.

Under the guidance of your instructor, Red Seal instructors and experienced workers in the industry, you will acquire and demonstrate skills such as:

- Performing daily safety inspections
- Following safe work procedures
- Performing basic carpentry skills
- Demonstrating employability skills
- Layout, measuring and assembling
- Problem solving, trouble shooting and logical thinking
- Awareness of ergonomics in construction
- Working independently or as part of a team
- Following ethical and legal standards in construction
- How to prepare for ever-changing working conditions
- Communication with peers, instructors, employers and customers
- Becoming familiar with the National Building Code of Canada

## hit the ground running

If you like working with your hands, want to challenge yourself, and have an interest in construction, then we can help you gain the skills and experience needed to begin a rewarding career in the construction industry.

Upon completion of this program you will earn a minimum of eight high school credits. Our CVE programs work to maintain an excellent record of helping students gain full-time employment and work towards beginning an apprenticeship upon completion of the programs.

Don't miss this exciting opportunity – apply now!

## building trades

Building Trades introduces you to a variety of career options in the construction industry.

A student graduating from the Building Trades program can seek entry-level employment as an apprentice in the following trades through Apprenticeship Manitoba:

- Carpenter
- Cabinet Maker
- Bricklayer
- Roofer
- Concrete finisher
- Crane and Hoisting equipment operator

We provide a combination of technical training and real world experience so that potential employers need not worry about your skill level. You will come to them trained in workplace safety and will be prepared to work. Employment opportunities are many, varied and financially rewarding.
