

Terms of Use for Showing Movies and Playing Music For Education and Entertainment

Do you have an outcome, lesson plan, and/or activity to go with it?

I want to show a movie. Do I need a license?

This includes ALL videos, feature films, documentaries etc. and assumes that they are legally obtained.

All 5 of these criteria must be met to show the movie.

The Division has paid royalties to SOCAN so that **music** can be played in the division for any purpose.

The Division has purchased a license for Criterion on Demand which allows you to show the content provided on their website for both educational and entertainment purposes. Go ahead and show that movie. (No reporting is necessary.)
