

## DRUG USE

The following guidelines shall be followed by principals in dealing with problems of drug abuse:

- teachers to discuss concerns with principals, rather than to deal directly without outside agencies.
- with a suspected regular user, principal to use discretion re notification of Child Guidance Clinic and parents.
- with a suspected pusher, principal to use discretion re notification of Child Guidance Clinic, parents and police.
- for a student found guilty of pushing outside the school, superintendent to be notified, with superintendent and principal to use discretion concerning transfer or suspension of student.
- for a student found guilty of pushing within the school, superintendent to be notified, with superintendent and principal to use discretion concerning transfer or suspension of student, or recommendation of expulsion to the Board.
