

CALLING ALL DREAMERS!

How can you use STEAM to solve today's wicked problems?

We want to see all of the amazing inquiry work from
YOUR SCHOOL!

At the inaugural STEAM Fest 2022, each school will receive a space to exhibit their inquiry learning on the topic of *How can you use STEAM to solve today's wicked problems?* As a school you can choose individual projects, class projects, or club projects to feature at this year's event. The sky's the limit! At STEAM Fest you will also get the chance to visit other schools' exhibits and celebrate everyone's learning!

To express your interest in participating in this year's STEAM Fest have a representative from your school complete the form via this QR code or visit: www.tinyurl.com/7oaks-steam

See you there!
