Collège Garden City Collegiate Transition to Remote Learning May 12th – May 30th 2021

Monday, May 10th, 2021

Dear Garden City Families,

On Sunday, May 9th Education Minister, Cliff Cullen, announced that all Kindergarten to Grade 12 schools in the City of Winnipeg and City of Brandon will move to remote learning. It was noted that this is in response to the increasing number of COVID-19 cases associated to schools and the need to further reduce community transmission.

Beginning May 12th, Garden City will transition to remote learning. During this time students will remain at home while teachers connect with students via the Google Classroom learning platform.

What will remote learning look like?

Schedule - All students will continue with their most current schedule. This means daily attendance/engagement adhering to the start and end times of periods A, B, C, D.

Teaching and learning models will vary by subject and teacher. They can include:

- Materials posted online (Google Classroom). Students access instruction either online or by individual contact from teachers. Contact may be through Google Classroom and/or by phone.
- Full online instruction. Teacher and student communication through Google Classroom.
- Materials provided in paper format. Instructional support provided by phone and/or online communication.

What is Google Classroom?

Google Classroom is a suite of online tools that allows teachers to post assignments, video conference, and have work submitted by students. It was created to make digital learning possible. Google Classroom is accessible via numerous digital devices such as smartphones, laptops, Chromebooks and tablets.

Technology

If your child requires a digital device to access Google Classroom, please contact their teacher to make this request.

Student Support Services

This has been a challenging year for many. Our Guidance Counsellors and Learning Support Teachers will continue to be available by phone or email.

Teaching Staff Contacts

You may have questions for your child's teacher. For a list of teacher names and email contacts please go to our website and view the About Us tab. <https://www.7oaks.org/school/gardencity> Alternatively call our office.

As we approach this remote learning period our objectives are to keep students meaningfully engaged. Specifically:

- Supporting the social emotional well being of our students.
- Assisting students in their pursuit of academic goals.
- Ensuring students have a reasonable amount of time to complete schoolwork along with accessing the needed materials.

If you have any questions or require further assistance feel free to contact us.

Sincerely,

Tony Kreml
Principal
