### Principal's Message:

**November** is here and with it the start of colder weather. Students are reminded to dress appropriately for the weather. This includes warm winter jackets, hats and mittens, and ski pants once the snow flies. Outdoor recess is an active and enjoyable time, but not much fun if you're shivering and feeling cold! *Just a reminder that if a child is well enough to come to school, they are well enough to go out for recess!*

October has been another busy and active month, and culminated with our annual Halloween Gym experience, which was planned and carried out by Ms. Lasko and Ms. Matwichyna and our capable and enthusiastic helpers from Mr. Ilyniak's Grade 5/6 class.

### Other October Highlights:

- We are so proud of all of our students in grades 3 – 5 who participated in the divisional cross-country run at Little Mountain Park. Great sportsmanship and effort were displayed by all of our students!
- Grade 6 TAS students took part in visiting a corn maze, hiking and art at Bird's Hill Park, and geocaching at Oak Hammock Marsh. Gr. 6 students also participated in a half-day volleyball workshop.
- Our school patrols also had a great time at the patrol outing to the corn maze.
- PAC sponsored a delicious hot lunch.
- The Humane Society made presentations to classes with the help of some furry friends.
- Mr. Kammerlock and his class ran the Peak of the Market fundraiser this month with all proceeds going to building the new classroom addition at Kamwokya Primary School in Kampala, Uganda.
- Author Karin Adams visited room 3 to talk about her newest book and inspire our young writers.
- After-school Heritage Language classes started for several of our students.
- Staff attended a variety of interesting professional development sessions and workshops during the divisional professional development day on October 20<sup>th</sup> and the annual provincial in-service day (SAGE) on October 24<sup>th</sup>.
- Grade 3 and 4 students in room 9 continue to work hard on their swimming skills every Wednesday morning.

**Reminder re: Illness:** Please inform your child's teacher or the office if your child or family member has a communicable illness such as chicken pox, Fifth disease, etc. This information is vital to the well-being of other students and staff with health care concerns.

**Please continue to drop in or call the school with any questions or concerns. We welcome your comments, interest and support!**

### **Let us Give (to the tune of Let It Snow)**

Oh the weather outside is unforgiving  
It's where the homeless are living  
And since they've no place to live  
Let us give, let us give, let us give

It doesn't show signs of warming  
And I've brought some items for giving  
The list is in this newsletter  
Let us give, let us give, let us give

Oh how we want to make it right  
How I hate when they're not warm  
So we give to make it right,  
All the night long they'll be warm

The song is slowly ending  
And, my dear, we're always collecting  
But as long as we love to help  
Let us give, let us give, let us give

The students in **Room 12** will be collecting items that are urgently in need at ***Siloam Mission***. Siloam Mission is an organization that helps less fortunate people get back onto their feet. Every week in November we will be highlighting specific items listed. We will also take any of the items that are listed in the newsletter at any time. If you would like more information about the items needed, or Siloam Mission, please visit the website [www.siloam.ca](http://www.siloam.ca).  
**Remember, every little bit helps!**

### **Urgently Needed Items**

- Hotel sized shampoo and soap
- New socks
- Lip balm
- Toques
- Gloves
- Laundry soap
- Towels
- Deodorant
- Hoodies
- Jackets
- Long johns

## Room 11 is Smart...In So Many Ways!

The children of Room 11 have been learning a lot about the many ways to be smart, also known as the Multiple Intelligences. Together we have learned that everybody is good at something and that people are good at different things. The children understand that it's a good thing that people are smart in different ways. We can share ideas and help each other out because that's what makes our classroom community a stronger and more interesting place. The children have made it clear that they value "listening to your heart" because people should feel happy and be proud of who they are.

As a class we completed surveys in order to discover our strengths and interests. It was very exciting to look at our class chart showing the Multiple Intelligences and whose name was beside each intelligence! We also made a classroom "brain" which included everybody's name and ways they are smart. Now we know who to go to for help and also can remember what we're good at. Making the parts of the brain out of plasticine was a lot of fun! The children have also have discussed possible careers for what they are good at and shared their dreams of what they would like to be when they grow up with their peers. We imagined what the world would be like if everyone was good at the same thing and there was no diversity. I hope you enjoy some quotes from the children on this subject.

"There would be no pools to swim in if nobody was body smart" - Cassidy

"Our classroom wouldn't be fun at all. It would be boring if everyone was the same. There wouldn't be any games" - Mya

"There wouldn't be any stages if nobody knew how to dance" - Cassidy

"We'd all be doing the same things, everyone would be following everybody" - Amara

"If we were all people smart no one would grow plants or make beautiful paintings" - Jyanne

"We wouldn't be able to draw if no one was art smart" - Addison

"It would be boring because we would be doing the same thing, everyone would copy each other" - Bryden

"If there were no multiple intelligences everyone would be standing around doing nothing" - Cassidy

## Grade 3/4 Room 9

This month in our classroom we read two books and talked about the fall. We reviewed and learned new words in Ukrainian to describe seasonal changes.

My favourite story is “РІПКА” – “The Great Big, Enormous Turnip” by Ivan Franko.

I like this story because it is easy to read and it has nice pictures. We read the story many times and the best part was, when we got to dress up and act the story to the rest of the class. The characters in the story are: дід, баба, доня, братчик, песик, котик, і мишка. Once I played a role of a dog and the next time a big brother. I had a lot of fun. Everyone was laughing.

by William

My favourite story was “ХОДИТЬ ГАРБУЗ ПО ГОРОДУ”. It is a story about a bossy pumpkin. He walks around the garden asking different vegetables: How are you? Reading the story we learn names of vegetables and Pani Klimenko had big pictures of all the characters from the book. I had fun acting out the story many times. I was a nice green cucumber. Next time I would like to play a role of the бараболя!
