To Our Parents and Caregivers:

I write to thank you for being there to help your kids continue learning. For supporting our staff as they adapt our classrooms and schools in ever-changing circumstances. For taking care of your family and community members, whether that involves their physical or mental health. For doing your part to keep one another safe and healthy.

We know saying thank you doesn't even scratch the surface given all you've done. But it needs saying . . . because it's never said enough.

Thank you for all you've done and all you do to keep our Seven Oaks School Division students safe, healthy and learning.

As we look forward to the year ahead we are optimistic that we will be able to return to school without significant restrictions, that we can get back to enjoying the people and things we love. We expect that we will be able to communicate plans for the 2021-2022 school year in early August. In the meantime stay safe, follow public health advice and get vaccinated.

Thanks again,

Brian P. O'Leary
Superintendent
