SUCCESS STARTS HERE.

World of Choices

Welcome to World of Choices! This virtual event will connect students in your classroom with mentors from a variety of career sectors. Through a series of three virtual events, students will be exposed to more options and opportunities than ever before, while meeting inspiring speakers and learning about their careers.

You can register your class to attend one session, or all three, as different mentors will be presenting at each session. There will be room for questions and discussion, and at the end of these events we hope that your students will have learned about new career options and feel excited about their future.

Event Details

- Click on the link below to register.
- Select the session that you are interested in.
PLEASE NOTE: This will be a live event, but if you are unable to attend during the allotted time frame, a recording will be provided to ALL REGISTRANTS upon completion of the session.
- Feel free to sign up for multiple sessions as we will have different career mentors presenting at each session.
- Before the session, set up your screen and ensure you have speakers in your classroom.
- Hosted via Zoom Webinar – Simply sign in and we will take care of the rest.

TOPICS our Career Mentors will touch on include (but are not limited to):

- How did they get to where they are? Why did they choose this career?
- What are similar opportunities available in their field?
- A description of what they do and a typical work day or work week.
- What advice they have for students considering their career choice?

Dates

Session 1: April 4th 1:00 PM – 2:15 PM

Session 2: May 1st 2:15 PM – 3:30 PM

Session 3: May 7th 10:30 AM – 11:45 AM

To REGISTER click [HERE](#)

You can register for more than one session.
