

Career Ready

Where the **community** becomes the classroom

Our Career Ready programs offer the advantages of education and experience — and those advantages can mean the difference between just getting a job and launching a successful career.

Through our partnerships with various local businesses you'll apply your classroom knowledge on the job, working with and learning from industry professionals.

If you're currently in high school, a recent graduate or even an adult learner, this program could be an important step towards a rewarding career that will last you a lifetime.

For more information contact your school counsellor or any of our high schools.

SEVEN OAKS
SCHOOL DIVISION
community begins here

you can do it

Automotive Trades and Technology is open to anyone who meets the requirements:

- Interest in pursuing a career in automotive trades
- Completion of grade 11 core courses
- Completion of a Career Ready application form
- Presentation of a certified transcript of marks, cover letter, reference letter, resume and fee if applicable
- Participation in an orientation

Individuals who have completed grade 12, are an adult learner or reside outside the division are encouraged to submit an application. A registration fee may apply depending if you are a graduate or live out of Seven Oaks School Division catchment.

all in a day's work

The 34-week course is a combination of in-class theory and on-the-job training. You will be in the industry four days a week and will spend one day per week in the classroom.

You will be exposed to both the automotive repair and autobody trades, watching and taking part in intricate repairs from simple tune-ups to Hybrid servicing and also repair and refinishing. Learning opportunities are also available in the heavy trucking industry.

Under the guidance of your instructor and experienced workers in the industry, you will acquire and demonstrate skills such as:

- Preparation, refurbishing and painting of vintage, classic and modern automobiles
- Exploring the latest in state-of-the-art basecoat/clearcoat paint finishes
- Mechanical repair procedures and troubleshooting
- Welding common and exotic metals

Participants will be placed at prominent automotive dealerships throughout Winnipeg.

hit the ground running

The autobody and automotive industry offers many opportunities for you to begin a new and rewarding career.

Upon course completion earn up to 8 high school credits and work experience hours that may be transferred to the first level of an apprenticeship.

We are also associated with Apprenticeship Manitoba so work experience could lead to full-time employment and eventually an apprenticeship in the autobody and automotive industry.

You will also have the chance to compete in the Skills Canada Autobody Competition held annually at Red River College. The competition is open to all students of secondary autobody programs in Manitoba and scholarships, prizes and a berth into the National Skills Competition (which feeds into the World Skills Competition) are on the line!

Whatever path you choose, we want you to experience success.

Our Career Ready programs maintain an excellent record of helping students gain full-time employment upon completion of the programs.

Don't miss this exciting opportunity – apply now!

automotive trades & technology

Automotive Trades and Technology introduces you to your career in automotive repair and refinishing.

Whether your interest is autobody, painting or mechanical repair, this Career Ready program will help you open doors to your first job in the industry.

We provide a combination of technical training and on-the-job work experience so that potential employers need not worry about your knowledge of the industry – you will come to them prepared to work. Employment opportunities are many, varied and financially rewarding.
