January 12, 2022

Dear Finney Families,

We will be distributing Rapid Antigen Tests to all our students to use for our return to in-person learning. The test kits will be available to pick up at the school's main entrance (by the flagpole) Friday January 14th from 8:35am – 3:00pm. Each bag contains the supplies for 4 Rapid Antigen Tests as well as instructions on how to perform the tests. We recommend that you test your child twice a week (Sunday and Wednesday) until the tests are finished. If your child has been learning in person here at the school this week, the test kits will be given to students to take home at the end of the day Friday.

These tests are intended to be an added measure of security as students return to in-person learning. Please note that if your child is experiencing symptoms, they may **NOT** attend school, even if they have a negative test result. Please also note that if the test kits freeze, they will not work.

Medical masks are now required for all staff and students attending schools in Seven Oaks School Division. We recommend children have a few extra masks in their backpacks as they may need to change their mask throughout the school day. We will have a supply of medical masks available for those who need.

Once again, we appreciate the support and encouragement we receive from our Finney community. We are committed to keeping our community safe, healthy, and learning together.

Karen Hiscott, Principal

Amber Anderson, Vice-Principal
